

Turn On the Computer

1. **Turn on** the monitor.
2. **Turn on** the CPU.
3. **Wait!**

4. Log on with the id and password, if they are needed.
5. When the computer has finished, you will see the desktop. This is the main screen.

Do you see this message?

```
Non-System disk or disk error  
Replace and strike any key when ready
```

This means there is a floppy disk in the A:/ drive.

1. Remove the floppy disk.
2. Hit any key on the keyboard (for example: hit 'A').
3. Wait!
